EDUCATION

The University of Southern Mississippi, Hattiesburg, MS *May 2027*

Bachelor of Science in Computer Science | Bachelor of Arts in Political Science **GPA: 4.0/4.0**

- 4× President's List | Academic Excellence Scholar | Fran Jones Legacy Scholarship | Most Outstanding Crew Leader 2025
- 2× President (Muslim Student Association), Media Manager (Robotics & Intelligent Machines), Member (Google Devs)

TECHNICAL SKILLS

Languages: Python, C#, SQL, C++, Bash, XAML

Security Tools: Wireshark, Burp Suite, OWASP Zap, Splunk, Nmap, Docker | **Languages:** Python, C#, SQL, C++, Bash, XAML

Concepts: .NET MAUI, ASP.NET Core, Threat Modeling, Vulnerability Assessment, Risk Analysis, Identity & Access Management

Certifications: CompTIA Security+ (in process), **CompTIA CySA+** (in process)

Courses: Secure Software Development, Cybersecurity Risk Management, Information Assurance, Computer Networks, Web App Security, OS, Data Structures & Algorithms, Introduction to AI, Introduction to Software Engineering, Secure Software Development

Specialties: Full-Stack Development, Database Optimization, API Design, Security Automation, Threat Mitigation.

EXPERIENCE

IT Manager – Madina Enterprises (Remote) *Jun 2024 – Present*

- Engineered a brokerage management system managing $3–10M in revenue with integrated **data security, vendor access control**, and encrypted reporting pipelines.
- Implemented database indexing and optimized queries, **reducing retrieval time by 40%**.
- Built an automated analytics pipeline to generate real-time dashboards, **eliminating 15 hours/week** of manual reporting.
- Integrated Excel and Word APIs to streamline business documentation workflows.

Complex Manager – The University of Southern Mississippi *Aug 2025 – Present*

Previous Roles: Crew Leader (Jul–Dec 2024), Trent Lott Center Specialist (Jan–Aug 2025)

- Led a team of 15+ staff delivering **50+ campus events** with zero safety incidents.
- Optimized event operations, **reducing setup time by 30%**, and developed a new hire training program improving productivity by 20%.
- Promoted **3× in 15 months** for operational excellence; honored as **Most Outstanding Crew Leader (2025)** among 7 peers and awarded the **Fran Jones Legacy Scholarship (1/45)** for leadership impact.

Secretary & Tech Lead – Islamic Center of Hattiesburg *Sep 2023 – Present*

- Developed a full-stack donation and event management web platform, **increasing online donations by 38% (~$40,000)**.
- Automated donation management with **secure data storage**, ensuring confidentiality and risk transference.
- Scaled community infrastructure to **500+ active users** with 99.9% uptime.

TECHNICAL PROJECTS

Enterprise Data Management System – Full Stack Developer

- Architected a multi-tenant B2B SaaS platform to manage contracts, deliveries, and payments.
- Implemented **event-driven architecture** with real-time synchronization and JWT-based authentication.
- Optimized complex SQL aggregations, **reducing response time from 3s to 200ms**.

  Tech Stack: C#, .NET Core, SQL Server, XAML, RESTful APIs

SPEN Lab – Research Assistant (Cybersecurity & IoT Privacy)

- Conducted applied research on **privacy-preserving data models** for IoT and drone networks.
- Evaluated **vulnerability mitigation and encryption protocols** for real-time device communication.
- Collaborated on technical documentation aligning with **NIST and ISO 27001** frameworks.

LEADERSHIP & INVOLVEMENT

President – Muslim Student Association (USM) *May 2024 – Present*

- Expanded organization membership by **60%** and managed **$5,000 annual budget**.
- Organized 20+ interfaith and cultural events averaging **150+ attendees** each.
